Beschreibung

Vineyard: Created from grapes grown on Vineyard MOGILITE, located in the middle of the slope above the source of the river "Petarnishka bara" near the village of Petarnitsa, Plevna, where the soil is shallow gray forest on a karst base with high clay content and altitude about 300 m . Grape harvest: 17.08.2020, hand-picked picking Vinification: The grapes are cooled before the processes begin. Cru ...

Vinifikation

The grapes are cooled down before crushing. Crushing, then pressing on a reductively in order to preserve aromas. Vinification in clear must in small vessels with constant temperature control, prolonged fermentation, contact with yeasts for 3 months.
