Ausbau:	Edelstahl

Auszeichnungen

Gold internationaler bioweinpreis 2017

Weinbeschreibung

Rina Ianca has a bouquet of tropical fruit and vanilla aromas with a perfect balance of fruit flavours and citrus acidity on the palate.

Vinifikation

The grapes are gently destemmed, but not crushed. The two grape varieties are vinified separately. Fermentation in each case is initiated by the addition of selected yeasts. The two wines are blended together at the end of January.
