Weingutbeschreibung

The winery was established in 2010 and has 11 Qvevri pots in place, with total capacity of 7 tons. The vineyard, the company owns, was planted 16 years ago and extends over 2 ha land in the Zestaponi/Imereti region. The winery harvests approximately 4 tons of Otskhanuri Sapere, 2 tons of Tsolikauri, 2,5 tons of Tsitski and 2,5 tons of Krakhuna types of grapes. Chemical fertilizers and pesticides in vineyard management are not used. All wine is prepared from untreated grapes.
