Weinbeschreibung

Coste a Preola is the name chosen to pay tribute to Sicily and its biodiversity: this is the name of the vineyards' area, located in this western part of the island, close to the Mediterranean Sea and to the WWF Nature Reserve Lake Preola and Gorgi Tondi. Coste a Preola Grillo is the wine symbol of this strong bond between our winery and the natural oasis.

Speiseempfehlung

particularly suitable with raw fish and shellfish appetizers. Excellent with fish soups, baked fish and tasty vegetable pies

Vinifikation

Fermentation process takes place in stainless steel, at a controlled temperature. The wine ages in stainless steel tanks, on the lees, for 5 months
