Weinbeschreibung

The choice to produce Chianti Fuscelli with the use of grapes typical of the ancient Tuscan tradition, present in the historical vineyards of the company, allows us to produce a wine with a complex aromatic background but at the same time extremely enjoyable in every occasion. The fluctuating summer climate has turned into a splendid September that has enable us to harvest the grapes in their best form.

Speiseempfehlung

Fuscelli 2022 accompanies pasta and risottos with meat sauce, white and red meats, legumes, cheeses, also served fresh with "cacciucco alla livornese". Simple to combine and ideal for many occasions!

Vinifikation

Destemming, fermentation with maceration on the skins in thermo-conditioned stainless steel tanks. Refinement in thermo-conditioned stainless steel and vitrified cement tanks.
