Soalheiro Terramatter

Winery: Soalheiro

rated 19.10.2024

Description

Soalheiro Terramatter is entirely different from other wines in the Soalheiro family. It is both a return to our natural origins and a look into the future. Produced with the least possible intervention in the vineyards and vinification, Terramatter is an original expression of our land. Intense in colour, aromatically expressive, and complex on the palate, it maintains a marked personality and distinctive profile. The wine's partial malolactic fermentation in chestnut barrels and early harvest are fundamental factors determining its personality. We recommend smoothly shaking the bottle before drinking to homogenise the fine lees on the bottom for an entirely different drinking experience!

Food-Pairing

Its maturation on fine lees and sharp acidity make Terramatter a bold wine that begs to be paired with food. We suggest enjoying this wine with fatty fish, cooked shellfish, cured meats, lamb, turkey, roasted root vegetables, and anything in a cream sauce or with fungi. Its flavour and texture also pair perfectly with Asian or Mediterranean gastronomies.
